

16 SEP 1983

MEMORANDUM FOR: Deputy Chief, Legislation Division
Office of Legislative Liaison

FROM: [redacted]
Chief, Procurement Management Staff
Office of Logistics

SUBJECT: Legislative Issues Dealing with Procurement

Rob:

1. We appreciated very much the visit by yourself and Steve Hermes during which we discussed matters of mutual interest. Significant during the discussion was the routing of correspondence on legislative issues having to do with procurement. The conclusion we reached was that all such matters would come to us for an Agency position and that we would accomplish whatever coordination was necessary with other elements of CIA. During a second meeting on the same day, [redacted] met with us to let us know that he would be the Directorate of Administration (DDA) representative in your office and would be coordinating all matters of DDA interest.

2. Subsequent to the discussions in the meetings referred to above, we received a call from [redacted] Chief, Procurement Management Staff/DDS&T, that he was being queried by you (or someone in your office) for feedback on S.272. When [redacted] mentioned this to us, we advised him of the discussions we had had with you and he had no problems with the agreements reached, particularly in view of the fact that [redacted] Associate Deputy Director for Administration, had indicated that this was the course he wishes to take on procurement issues. We are not sure how the communication with [redacted] occurred, but we would like to continue to work with you on the basis upon which we agreed.

3. We are looking forward to working with you and think that we are on the right track in terms of making sure that the procurement position which best serves CIA is transmitted to the Hill.
